The Early Intervention Teaming Handbook: The Primary Service Provider Approach (2012)

—“Early childhood professionals: looking for an effective way to ensure coordinated, family-centered services for young children and families? Discover the why and how of the primary service provider (PSP) approach to teaming, the widely used, evidence-based model that more and more states are adopting to strengthen care and services and improve family outcomes.”

Teaching Children with Down Syndrome about Their Bodies, Boundaries, and Sexuality (2007)

—“Drawing on her unique background as both a sexual educator and mother of a child with Down syndrome, the author blends factual information and practical ideas for teaching children with Down syndrome about their bodies, puberty, and sexuality. This book gives parents the confidence to speak comfortably about these sometimes difficult subjects.”

The Early Intervention Workbook (2013)

—“Discover the 7 key principles and associated practices for effective early intervention services—and start putting them into action today! This easy-to-use, fillable workbook reveals not only *what* every EI professional should be doing in their practice, but also *how* to do it, with practical tips, activities, and strategies they can use to improve their work with children and families right away. “
