WHAT CAN THE ABC SPECIAL NEEDS PROGRAM DO FOR YOU?

Parent/Child Care Provider
Do you have a child with special needs or developmental delays?

Parent
Are you having trouble finding child care for your child with special needs?

Child Care Provider
Did you know the child care may receive additional funding when serving a child with special needs?

The ABC Special Needs Program works with child care providers and after school programs for the inclusion of children with special needs.

- We provide consultation, technical assistance, and/or training through identified specialists.
- The Program collaborates with service providers and agencies to coordinate services for children, which include the SC Department of Social Services (SCDSS), SC Department of Disabilities and Special Needs (SCDDSN), SC Department of Health and Environmental Control (SCDHEC), SC School for the Deaf and Blind (SCSDB), State Department of Education (SDE), and First Steps.
