Circle of Friends Member Donates Funds for E-Devices

Mrs. Nancy Kress, one of the earliest members of the School of Medicine Library Circle of Friends, kindly donated funding to allow for the purchase of various electronic devices. This generous donation has allowed the Library to launch its e-device checkout service available to faculty, staff, and students. Many thanks to Mrs. Kress for her generosity and her kindness to the Library!

Dr. James Heyward Gibbes Portrait Donation

The Library was very pleased to receive the donation of a portrait of Dr. James Heyward Gibbes by his grandchildren, Dr. Heyward Gibbes Robinson and Mrs. Susan Gibbes Woodward Ravenel, in April 2012. The portrait was painted by Ms. Ann Cadwallader Coles, a Columbia artist. The portrait hangs on the first floor of the Library above the display case which contains Dr. Gibbes' medical instruments and books which were donated by his daughter, Mrs. Susan Gibbes Woodward Robinson in 2001.

Dr. Gibbes was the first South Carolinian elected to fellowship in the American College of Physicians. He graduated from the University of South Carolina with both the B.S. and A.B. degrees in 1908. He received his medical education from the Johns Hopkins University School of Medicine, graduating in 1912, and was recognized for his scholarly abilities by being elected to Phi Beta Kappa and Alpha Omega Alpha. After graduating from Johns Hopkins, he entered the private practice of medicine in Columbia and continued in active practice until his death in 1962. He served as Vice-President of the Johns Hopkins Medical and Surgical Association and was President of the Columbia Medical Society. He was also an active member of the Cosmos Club of Columbia and the South Caroliniana Society.

Dr. and Mrs. Donald Wuori Join Library Circle of Friends

The Library is pleased to announce its newest members of the School of Medicine Library Circle of Friends, Dr. Donald Wuori and his wife, Joanne.

Library Circle of Friends members are donors of \$500 or more to the School of Medicine Library Endowment. Their names are placed on a plaque adjacent to the Charles S. Bryan History of Medicine Room in the Library. The Endowment provides support for the preservation of the rare book collection housed in the Charles S. Bryan History of Medicine Room, the acquisition of additional historical works, the purchase of books for the general circulating collection, and other specialized areas of the School of Medicine Library.

The Library gratefully acknowledges Dr. and Mrs. Wuori for their kindness. If you would like to add your name to the growing list of people who support the USC School of Medicine Library Endowment, please send a check made payable to "USC Educational Foundation" to the University of South Carolina School of Medicine Development Office, Columbia, SC 29208.

New LibGuides Available

The School of Medicine Library is pleased to offer several new LibGuides to School of Medicine faculty, students, and staff. LibGuides are collections of print and electronic resources tailored towards specific subject areas. They include links to databases, books, journals, evidence-based medicine resources, Internet resources, clinical trials, and patient information.

To access the guides, click on the [LibGuides](#) link on the Library's home page. Each guide is created and managed by a Library Liaison. We encourage users to contact the liaisons with comments or questions, or to request a training session.

In the word cloud above you will see titles of the various LibGuides currently available. Some of the newest ones are: USMLE Steps 1, 2, and 3; Geriatric Medicine, and Ultrasound.

Faculty librarians are working hard to create additional guides. If you have comments or suggestions (including ideas for additional guides), please contact Laura Kane (laura.kane@uscmed.sc.edu).

R2 Digital Library Collaboration

The R2 Library is a collection of searchable full text books covering the fields of Medicine, Nursing and Allied Health. USC's SOM Library and Thomas Cooper Library are collaborating in purchasing these e-books on a title-by-title basis. There are currently 25 books from the Medicine and Allied Health collections available to USC users on the Columbia campus. Access this new resource from the SOM Library webpage by clicking on the electronic resources, E-Textbooks, or databases tabs. You can also access directly at <http://www.r2library.com/>.

Historical Medical Pamphlets Available

18 historical medical pamphlets have been digitized and are now available on the library's Digital Collections page. This project is funded by the National Network of Libraries of Medicine Southeastern/Atlantic Region via a digitization grant and is made possible through a collaboration with the University Libraries' Digital Collections Department.

New Mobile Resources

For a complete listing of Mobile Device Resources, visit <http://uscm.med.sc.edu/pda.asp>.

REPROTOX mobile:

iPhone and Android apps are now available for REPROTOX, a database that contains information on the potentially harmful effects of environmental exposure to chemicals and physical agents on human pregnancy, reproduction, and development. Visit the [Mobile Device Resources](#) page for more information.

First Consult App for iPhone/iPad:

An iPhone/iPad app is now available for First Consult, featured point-of-care content found in MD Consult. A data connection is required for the initial content download and content updates, but is not required to use the app itself, making First Consult's answers available anytime, anywhere. Visit the [Mobile Device Resources](#) page for more information.

Faculty & Staff News

Ruth Riley, Director of Library Services, has been appointed **Assistant Dean for Executive Affairs** at the School of Medicine. She will continue in her role as director of library services, a position she has held since joining the School of Medicine in 2000. Prior to arriving at USC, Riley held positions in academic health sciences libraries at the University of Arkansas for Medical Sciences, the University of Michigan and the University of Missouri. A native of Kansas, Riley earned a bachelor's degree in sociology at the University of Kansas and a M.S. degree in library and information science at the University of Illinois. Riley is a Distinguished Member of the Academy of Health Information Professionals and has served as secretary of the Association of Academic Health Sciences Libraries, chair of the Southern Chapter of the Medical Library Association and chair of the Partnership Among South Carolina Academic Libraries.

Felicia Yeh

Felicia Yeh, MLIS, AHIP, Assistant Director of Collections Management, has been appointed **Deputy Director** of the School of Medicine Library. Ms. Yeh joined the library faculty in 2005 as Head of Serials and was promoted to Assistant Director of Collections Management that same year. She previously served as Director of Technical Services at the South Carolina State Library from 1992-2005 and as Head of Cataloging and Acquisitions in the School of Medicine Library from 1985-1992. Ms. Yeh earned the B.A. in English at the National Cheng Kung University in Taiwan and the M.L.I.S. in Library Science at the University of South Carolina. Ms. Yeh is a Distinguished Member of the Academy of Health Information Professionals.

Karen McMullen, Head of Access Services, and **Felicia Yeh**, Deputy Director, have authored *Position Descriptions in Health Sciences Libraries: Traditional and Emerging Roles*, a new publication from the Medical Library Association. The publication includes more than 150 job descriptions collected from 33 academic and hospital health sciences libraries. It also features results of a survey they conducted on trends in health sciences libraries positions.

Karen McMullen, Head of Access Services, at the USC School of Medicine Library, has been approved for membership in the Medical Library Association (MLA) Academy of Health Information Professionals (AHIP) at the Provisional level. The Academy of Health Information Professionals is MLA's peer-reviewed professional development and career recognition credentialing program. AHIP promotes lifelong learning and exemplary professional performance by recognizing achievements in continuing education, teaching, publishing, research, and other contributions to the profession. The AHIP credential denotes the highest standards of professional competency and achievement in the field of health care information and must be renewed every five years. Karen joins Ruth Riley, Laura Kane, Roz McConaughy, Felicia Yeh, and Steven Wilson in being members of the Academy. You may read more about AHIP at <http://www.mlanet.org/academy/>.
