

## Enrollment of BabyNet Service Providers in BRIDGES

① Log into BRIDGES, and click on the Provider Matrix button near the bottom of the user dashboard. Is the BNSP in BRIDGES? If yes, a hardcopy of a BabyNet Service Fund Authorization is not necessary.

② If BNSP is NOT in BRIDGES, check the list to confirm the provider is under contract with BN, and if so, 1) list the service under the 'Other Services' section of the IFSP, and 2) issue a BabyNet Service Fund Authorization.

③ If the BNSP is neither enrolled in BRIDGES nor under contract with BN, 1) list the service under the 'Other Services' section of the IFSP, and 2) DO NOT issue a BabyNet Service Fund Authorization.
