

Journal Impact Factors

To view the impact factor of an individual journal by searching Journal Citation Reports:

1. From the Library's homepage, select **Databases**.
2. Select **J**, then select **Journal Citation Reports**.
3. Enter the title of the journal in the "Go to Journal Profile" search box and click the magnifying glass button to run your search.

To view the highest impact journals in a certain field:

1. From the Library's homepage, select **Databases**.
2. Select **J**, then select **Journal Citation Reports**.
3. On the homepage, select "**Select Categories**" from the menu on the lower left.
4. After you select a category, scroll down, and click the **Submit** button.

The screenshot displays the 'Select Journals' search interface. A dropdown menu titled 'Select Category' is open, showing a list of categories with checkboxes. The 'CARDIAC & CARDIOVASCULAR SYSTEMS' category is selected. Below the dropdown, the 'Impact Factor Range' and 'Average JIF Percentile Range' sections are visible, each with two dropdown menus and a 'to' separator. A red arrow points to the second dropdown menu in the 'Average JIF Percentile Range' section. At the bottom of the form are 'Clear' and 'Submit' buttons.
