

New USC School of Medicine Library Site Features

Use the black toolbar at the top of every page to navigate the site.

The home page features several search options: PubMed, E-Journal titles, E-Book titles, Library Catalog, and a Site search. Simply select a tab for the search box you want to use.

Colorful buttons provide quick access to frequently used services and resources.

These three sections include links to popular resources, the latest Library news, and a spotlight on a featured resource or service.

Click the expandable site map to view the list of Library web pages.

The gray footer includes contact information, plus links to hours, the staff directory, and a suggestions form.
