

Library Orientation for Residents Tutorial Handout

Remote Access

- You can access any of our resources from off-campus using our proxy server.
- On the off-campus login page, select "Other Authorized Users." Enter your Palmetto Health Network Account when prompted to login.

E-Journals

- Use the E-Journals link on the Library's home page to search for full text e-journals.
- If a database does not provide a link to a full text article you are interested in, search the E-Journals database to see if we have access to the journal.

Access Medicine

- Provides access to full text medical textbooks, a differential diagnosis tool, drug information, practice guidelines, medical news, patient handouts, and audio and video content.
- Available under Library's E-Textbooks page or the Databases page.
- Create a MyAccess account to take practice quizzes, to save images, use flashcards, and to view the mobile version of AccessMedicine.

Mobile Device Resources

- Visit our Mobile Device Resources page (<http://uscm.med.sc.edu/pda.asp>) to view our list of resources and see step by step instructions for accessing these tools on your mobile devices.

DXplain

- Diagnostic Decision Support Tool
- Available under Library's Databases page

ClinicalKey

- Provides access to over 1,000 medical textbooks, millions of images, over 13,000 medical and surgical videos, over 500 journals, drug information, practice guidelines, First Consult point of care summaries, patient handouts, and more.
- Available under Library's E-Textbooks page or the Databases page.

Accessing Full Text in PubMed and Ovid MEDLINE

PubMed

This icon  means the library has electronic access to a particular article.

This icon  lets you know that the library has an article in print.

This icon  appears next to every search result regardless of whether full text is available.

If you do not see a garnet USC-SOM Online icon  for an article you are interested in, select the Find Full Text @ USC School of Medicine Library icon  to search for full text access. This icon will automatically search our e-journals database for you. If no full text is available to you, there will be a link to request the item through Interlibrary Loan.

Ovid

Use the  icon to search the Library's E-journals Database for full text access to the journal. If no full text is available to you, there will be a link to request the item through Interlibrary Loan.

Kirk JK. Graves DE. Craven TE. Lipkin EW. Austin M. Margolis KL. Restricted-carbohydrate diets in patients with **type 2 diabetes**: a meta-analysis. [Review] [46 refs] [Journal Article. Meta-Analysis. Research Support, N.I.H., Extramural. Review] *Journal of the American Dietetic Association*. 108(1):91-100, 2008 Jan. UI: 18155993

Authors Full Name
Kirk, Julienne K. Graves, Darby E. Craven, Timothy E. Lipkin, Edward W. Austin, Mary. Margolis,

- Abstract
- Complete Reference
- Document Delivery
